The audio guide was realised with the kind support of Studio-Regenbogen Goslar.

Discover Goslar on your own with the audio guide!

At www.audioguide.goslar.de you can find a total of 26 tracks on the various sights in Goslar. Simply download them onto your smartphone or tablet and start exploring. (Use the free WiFi on the market square, for example).

No set route

You decide where you want to go and what you want to see.

No time pressure

You decide when you start and how long you stay at each point.

No crowds

With the audio guide you are not in the group - you ARE the group!
